**Subject:** data request

Greetings, Jamie.

Joe Urrea of State of AZ Department of Emergency and Military Affairs – provided me your name and email.

I am responsible for talking points on the Gold King Mine Blowout contaminates that may affect health. I was also directed to the [goldking@epa.gov](mailto:goldking@epa.gov) is this the latest data set?

Do you have press release on the health effects on the contaminates? Thank you.

Sincerely,

Ramona Antone Nez, MPH, BSN

Acting Executive Director

Navajo Department Of Health

The Navajo Nation
